

# pom pom animals

## things you need

- pom poms
- chenille sticks
- craft glue
- joggle eyes
- felt squares

## chicky chicken

### step 1

Glue the large pom pom onto the little pom pom to create the head and the body of the animal.

### step 2

Stick on the joggle eyes to the front of the smaller pom pom. Cut a small diamond of yellow felt and stick to the smaller pom pom with a thin line of craft glue along the bottom half of the diamond beneath the eyes.

### step 3

Using shaped chenille sticks, mould the wings into shape and attach with glue. Fold the chenille sticks to create the legs and attach to the bottom of the large pom pom for feet.

## charlie caterpillar

### step 1

Glue twelve different coloured pom poms together to form a chain.

### step 2

Glue a black chenille stick between every second pair of pom poms to create the legs. Attach a yellow chenille stick on the top of the caterpillar's head for its antenna.

### step 3

Glue on the eyes and a blue chenille stick under the head for it's front feet.
